Should you not intend to be informed about the purpose, duration, advantages, success ratio, potential risks and complications and alternative options of the treatment to be applied and as well as about the subsequent potential risks in case you do not accept the treatment, please declare so below with your hand writing.

I hereby declare that;

My attending physician informed me about my disease, the treatment option to be applied, its duration, advantages, success ratio, the fact that it does not necessarily guarantee the recovery of current status, period of healing, potential risks and complications, alternative techniques, the potential situations I will experience on the condition that I reject the treatment and compulsory performance of an additional operation/intervention/procedure if deemed necessary and s/he answered all my questions regarding these matters.

Above mentioned procedure has been disclosed to be performed on myself/patient I legally represent by the physicians, nurses as well as other healthcare professionals under the authority, surveillance and control of my attending physician.

I have been informed that if required, anesthesia will be performed by an anesthetist, sedation will be performed by an anesthetist or another physician competent in sedation and local anesthesia will be performed by my attending physician.

While being entitled to make decision and think straightly, I accept the medical procedure to be performed, and consent that my attending physician and his/her team will carry out any medical treatment option/surgical technique/intervention they deem to be necessary.

I authorize the hospital to examine, inspect, dispose of or keep the tissues or organs removed during the procedure for which I have consented above.

I allow my medical reports to be used for scientific researches provided that my identifying information is kept hidden.
